

An overview of our free information resources

At Macmillan, we have over 100 free information booklets and over 1700 pages of online information to help people with cancer live life as fully as they can. We also have a range of other formats including translations in 16 languages and Easy Read booklets.

You can order free booklets from **bemacmillan.org.uk** or call our free helpline on **0808 808 00 00**

Latest information

Reduced print titles

We have made the difficult decision to reduce the number of information booklets available to order. Once the current stock of these titles runs out they will not be reprinted. Any booklets that are now only available in PDF are labelled with 'PDF only' throughout this list.

These booklets will remain available as PDF resources, which will be updated when a new edition is available. We are working to improve our PDFs – rolling out interactive versions with clickable links. For more information please visit **bemacmillan.org.uk**

New Easy Read titles

We have added two new titles to our suite of Easy Read booklets:

- Deciding on treatment
- If you are unhappy with your care

You can order these booklets for free at **bemacmillan.org.uk**

At Macmillan, we give people with cancer everything we've got. If you're diagnosed, your worries are our worries. We will move mountains to help you live life as fully as you can.

And we don't stop there. We're going all out to find ever better ways to help people with cancer, helping to bring forward the day when everyone gets life-transforming support from day one.

We'll do whatever it takes. For information, support or just someone to talk to, call **0808 808 00 00** or visit **macmillan.org.uk**
